## CORN-HOG PLANS FOR 1935 ARE TOLD AT DIST. MEETING

Lake County Delegates Attend a Conference at Geneva Wednesday

A delegation of five corn-hog officials headed by Farm Adviser H. C. Glickerson went to Geneva, Illinois, Wednesday to get official and first-hand details of the 1935 corn-hog program at a district meeting held under the auspices of the College of Agriculture, University of Illinois.

Similar district conferences were held at 14 other points in the state the same week by the extension service of the agricultural college, which has been called upon to assist in the educational and field organization phase of the program as it did in 1934.

These are workers' conferences, and only allotment committees members and others who will assist in the 1935 educational program. County and C. W. meetings for all farmers are held later.

At the meeting with Farm Adviser Glickerson, were C. A. Faulkner, President of the County Corn-Hog Production Control Association, H. H. Grimm, Joe Kelsier, and Genevieve Daw, all of whom were officials in the 1934 Lake County Corn-Hog Control Association.

At the conference, sample copies of the 1934 contract, the work sheet, printed instructions relative to conducting the campaign, initial administrative rulings and other official forms were discussed.

J. D. Blsborrow and C. S. Rhode, representing the extension service of the U. of I. College of Agriculture, were present and led the discussion and answered questions about the new program.

Following the Geneva meeting, Farm Adviser Glickerson and other Lake County delegates returned to lay plans for the local campaign. County and community leaders will first be given the details in a training school, after which educational meetings will be held throughout the county in about the same manner as they were in the 1934 program. As soon as the first sign-up has been completed, permanent community committees and officers of the corn-hog control association will be elected by those who have signified that they intend to take part in the new program. The new officials of the county association will then direct the program to completion.

## Hold Funeral In Chicago For Mrs. Paschen

Funeral services for Mrs. Annette Anderson Paschen were held in the chapel at 2168 North California avenue, Chicago, Monday afternoon and the remains were placed in a vault in Graceland cemetery to await burial upon the return of her husband from Leavenworth.

Arrangements for the funeral which was in charge of Edward T. Lerner, Antioch mortician, were completed Friday and the body of Mrs. Paschen, which had been brought to the Antioch funeral home, were removed to Chicago and the services were held at the North Carolina avenue address and near the home of Mr. Paschen's 90-year-old parents.

Her husband, Christian P. Paschen, former building commissioner of the city of Chicago, and at present serving a sentence at Leavenworth, Kansas, for income tax evasion was granted permission by department of justice officials to attend the funeral of his wife, but was reported that Paschen did not seem inclined to make the trip under guard and spent the day in solitude.

Mrs. Paschen, who was 49, had been in ill health for many months, but it was not until Thursday night that her condition became critical. Dr. Frank Newell, of Burlington, was called but his efforts were unavailing.

At the bedside when she died were Christian Paschen, Jr., her step-daughter, Mrs. Theresa Holzelman, of 1015 Pine Grove avenue, Chicago, and Mrs. Paschen's sister, Mrs. Clayton Smith, wife of the president of the county board. Mr. Paschen's brothers, Henry and Jacob, were called but they did not arrive here until after Mrs. Paschen's death.

For many years Mr. and Mrs. Paschen had made their home at Leavenworth farm, an estate of several hundred acres that Mr. Paschen acquired in the northern part of the county near Antioch and in Leavenworth. Both were well known in the vicinity.

## Two Seek Pfister's Post On Pure Milk Board of Directors

At the last meeting of the Directors of District 7 of the Pure Milk Association it was voted to hold the annual meeting at Dietz' Stables, Ivanhoe, the latter part of January, the date to be announced later in notice to each member. The District which was formerly Lake County alone now contains the Buffalo Grove and Palatine groups from Cook county, increasing the membership to nearly 1100.

The most important item of business will be the election of a director. A spirited contest is foreseen already as three candidates are in the field. H. A. Pfister of Prairie View is a candidate for re-election. H. O. Kelsay of Barrington, at present Lake County chairman of the Board of Supervisors, is a candidate. W. J. Swayer, of Gurnee, Treasurer of the Lake-Cook Farm Supply Company, has finally entered the race on the insistence of numerous friends in both counties.

In view of this contest the District Directors want as many members to attend as possible. All present will be given an opportunity to cast their individual votes. The delegates from the various locals will cast only the absent vote.

## EDWARDS FUNERAL ATTENDED BY BIG LEGION OF FRIENDS

Funeral services for the late Attorney Claire C. Edwards were held this afternoon at two-thirty o'clock at the Masonic Temple, Rev. J. B. Martin of the First Methodist church officiating. Interment took place in the Union cemetery mausoleum, Grand avenue. Members of the Lake County Bar Association attended in a body. It was by far one of the largest funerals ever held in the city, attesting the high esteem in which the deceased was held. The pall bearers were Circuit Judge R. J. Dady, a former law partner of Attorney Edwards, Sheriff L. A. Doolittle, Attorney S. H. Block, Julian G. Hart, Alvah L. Rogers, and Attorney B. H. Miller.

Born at Hainesville, near Grayslake, on August 31, 1878, Attorney Edwards was a lifelong resident of Lake County. He was a son of Henry B. Edwards whose father, Churchill Edwards, settled in Lake County in 1834.

Attorney Edwards had practiced law in Waukegan for many years. In 1914 he was appointed circuit judge by Gov. Edward Dunne to fill the vacancy caused by the death of Judge Charles H. Whitney. He was elected to the same office the following year and re-elected in 1921 and 1927. In 1930 he resigned to enter private practice, explaining that his salary as an official was not adequate to his needs.

During the sixteen years he was on the bench Judge Edwards tried many cases but never had a criminal case reversed and there were reversals in but few of the civil cases he heard. During the last two years the health of the former jurist had been impaired but it was not until a month (Continued on Page 5)

## L. S. Dibble, 12 Taken by Death

Paddock's Lake Boy, Long Ill, Dies; Funeral Held Wednesday

Lawrence Sylvester Dibble, 12, son of Mr. and Mrs. Sylvester Dibble of Paddock's Lake, died at the home Monday morning, following an illness of several months.

He was born in Salem, Wis., March 15, 1922. He attended the school at Brass Ball corners for a time and for the past two years has been attending the Paddock's school. He was a student in the sixth grade and was popular among the children. He was a member of the Juvenile Order of Royal Neighbors of Salem. He is survived by his parents and by one sister, Beulah Elizabeth Dibble of Paddock's Lake.

Funeral services were held Wednesday afternoon at 1:15 o'clock from the home and at 2 o'clock from the Salem Methodist church, interment following in the family plot in Liberty Corners cemetery.

## REP. DICK LYONS MAY BE MINORITY LEADER IN ILLINOIS HOUSE

Revolt Also Brewing in Senate; Democratic Ruckus in the Offing

The fact that twelve Chicago Republicans voted with the Democrats to extend the sales tax at the recent special session of the legislature, plus a discontent over the Cook county organization to carry the county on Nov. 6 may lead to the unseating of Representative Elmer J. Schnachenberg of Chicago as Republican minority leader, in favor of Representative Richard J. Lyons of Libertyville. It has been revealed from authoritative sources at Springfield. It is certain that Rep. Lyons would have been a candidate for speaker of the house had the Republicans been victorious at the November election, but the overwhelming Democratic victory leaves Lyons and other influential Republicans with nothing better to look forward to than lesser positions of leadership of the minority party. Other avowed candidates, or those willing to accept support for a minority leadership, include Representatives Loroy M. Green of Rockford, Gus J. Johnson, Paxton, H. D. Sparks of Shelbyville, and R. J. Branson of Centralia.

Sinnett May Be Speaker. On the Democratic side, Representative Thomas P. Sinnett seems assured of being elected speaker, but there may be some division in the party ranks as to majority leadership.

Controversies also loom over leadership in the senate. It is said. Republicans in the upper house will attempt to oust the veteran, Senator Richard J. Barr of Joliet as minority leader in favor of Senator Earl B. Searcy, of Springfield. Senator Searcy will be chairman of the caucus Jan. 8, prior to the convening of the 59th general assembly the following morning.

Richey V. Graham, of Cicero, president pro tempore of the senate, may face a battle with the down state group led by Senator Louis O. Williams of Clinton with the idea of electing Rollo M. Shaw of Lawrenceville. Senator Graham, apparently has the support of Governor Horner.

The caucuses just preceding the opening of the general assembly promise to be tempestuous affairs, and some new leaders in the ranks of both Democrats and Republicans may be brought to the front.

## ANTIOCH MAN JAILED ON BURGLARY CHARGE

Charley Hoge Caught Robbing King's Drug Store for Fifth Time

Charley Hoge, 52, well known Antioch character, is in the county jail at Waukegan awaiting hearing on the charge of burglarizing King's drug store. It was Hoge's fifth trip to the store that propit his undoing, for on Sunday morning when he entered the store shortly after night-watch John Brogan had gone home, he came into the arms of Deputy Sheriff Stanley Christian who had kept an all night vigil in the store. Hoge had gained entrance through a basement window at the front of the store.

Once a night watchman at the store, Hoge knew the premises perfectly and had little trouble in accomplishing four burglaries on successive nights last week. Hoge is generally without sufficient funds to finance a prolonged jag, nevertheless he was drinking heavily all last week. This fact, and the money missing each night from the drug store, till aroused the suspicions of Proprietor Frank King, to whom the burglaries had become rather notorious. The thefts pointed definitely to Hoge when on Friday night he left his footprints in the store where fullers earth had been sprinkled.

Acting upon the seemingly remote chance that Hoge would attempt a fifth burglary during Saturday night or Sunday morning, he sheriff's office was called and Deputy Christian was given the all-night job. Deputies Stadfeld and Robert Webb took the prisoner to Waukegan in a squad car.

Hoge's thefts totaled about \$50, according to King who said that only a few dollars at a time were taken from the cash registers.

## Palatine Foe Antioch Basketeers Tomorrow Night

Over the holidays, NE of basketeers will be tomorrow for the time of 1935.

## ANTIOCH GETS GRANT FOR NIGHT SCHOOL; TEACHERS ASSIGNED

Art, Speaking, Dramatics Included in Courses for Adults

The Antioch Township High School has been granted a project by the Illinois Emergency Relief Commission. This project will be in the form of a night school for adults, and will be in addition to the Dairy Course offered by Mr. Kuttel, as announced in this paper last week.

Four teachers have been granted for this school, three of which have been assigned.

Courses.

Public Speaking—from 7 to 9 on Mondays and Wednesdays.

Dramatics—from 7 to 9 on Tuesdays and Thursdays.

Typing—one class from 7 to 9 on Mondays and Wednesdays; another class from 7 to 9 on Tuesdays and Thursdays.

Art Work as follows:

Perspective and Composition—from 7 to 9 on Mondays and Wednesdays.

Color and Design—from 7 to 9 on Tuesdays and Thursdays.

A general composite course in Art will be given each school day from 10 to 11 A. M. If there is sufficient enrollment.

Social Science—The following courses have been approved, and it is expected that a teacher will be assigned soon.

Merchandising Methods—from 7 to 9 on Tuesdays and Thursdays.

Economic Problems—from 7 to 8 on Mondays and Wednesdays.

Commercial Law—from 8 to 9 on Mondays and Wednesdays.

Occupations (making own job)—from 1 to 3 on Tuesdays and Thursdays.

Mrs. Phillips will have charge of the Speech work; Mrs. Hlmsens, the Typing work; and Steve Pacini, the Art work. It is expected that Albert Hermain will teach the Social Sciences.

Fees.

There will be no fees required of those people registering. Each student will furnish his own paper and pencils. Book will not be required.

Enrollment.

You may enroll for one or more courses with the above teachers or at the high school office. Report to the high school on Monday, January 14 for classes listed on Monday, and Jan. 15 for those listed on Tuesday.

Those taking work with Mr. Kuttel will enroll with him and report each Wednesday evening, beginning Jan. 16.

It is anticipated that the night school will continue for three months.

## Forbrick Elected President of Antioch Alumni Association

Over 100 Attend Annual Meeting of Former Graduates

Walter Forbrick of the class of 1916 was elected president of the Antioch High School Alumni Association at the annual meeting of the former graduates here Saturday night. Other officers elected were: William Nelson, ('30), vice president; Glenn Roberts ('27), secretary and treasurer; Wilma Musch, ('32), historian; and Mildred Hullik, ('25), corresponding secretary. Miss Anna Drom was the retiring president.

Over 100 were present at the banquet at 7:00 o'clock. Speakers were County Superintendent Pettit, George White, president of the board of education, Prin. L. O. Bright, and Margaret Drom.

## OLD LEGEND BECOMES COMEDY ON CRYSTAL STAGE FRIDAY NIGHT

The old legend of Ramona will be turned into a sparkling comedy by the J. B. Rotnour players on the Crystal stage in Antioch Friday night. The play is taken from the story of Ramona and Alessandro, and Mr. Rotnour does not hesitate in saying there will be plenty of laughs. James Lawler has a special vodvil number with costume and light effects for Friday night. Don't miss it, says J. B.

The company continues to draw capacity houses with each performance. Merchants' free tickets may be procured from any of those mentioned in the Crystal advertisement in this issue of the News.

## Jubilee Singers to Give Concert Here Tuesday Night

The Antioch Township High School is presenting the Browne Jubilee Singers to the public next Tuesday, Jan. 8, at 8:00 o'clock. This is a group of colored singers appearing before the high schools of the North Central States.

The High School has secured a series of eight numbers for assemblies. The Jubilee Singers are presented at night with the hopes of defraying the expense of the entire course.

## TEACHERS SEEK ENACTMENT OF NEW SCHOOL LAWS

Will Ask Horner Regime to "Kick In" With Sales Tax Allotments

Enactment of legislation which will make it possible to have better and more effective administration of public education and which will provide for adequate and permanent state aid will be asked at the forthcoming session of the Illinois general assembly by the Illinois State Teachers' Association, according to Principal Ralph E. Clabaugh of the Antioch schools and County Superintendent W. C. Petty who have just returned from the annual meeting of the Illinois teachers held Wednesday, Thursday and Friday at Springfield.

The teachers claim that the state is \$7,000,000 in arrears on the school distributive fund and that only four monthly payments were made from the Sales Tax during the year ending June 30, 1934, leaving 8 unpaid allotments for that year. The distributive fund should be not less than \$30,000,000 annually, the teachers' group declares.

Among the thirteen recommendations for general legislation is one providing that the office of State Superintendent of Public Instruction be made an appointive office, thus removing it as far as possible from the influences of politics.

## WOULD STERILIZE FEEBLE-MINDED IN ILLINOIS

Democratic Senator's Proposed Bill Would Affect 4% of Population

Springfield, Jan. 2. A bill for the sterilization of all feeble minded persons in Illinois will be one of the first introduced by Prof. Thomas V. Smith, newly elected Democratic senator from the Fifth district in Chicago. Prof. Smith is attached to the University of Chicago and is known as an ultra-progressive. He was Gov. Horner's choice in the last primary and election and will represent the governor's home district.

Other professors at Chicago are helping to frame the proposed legislation, which will be along the same lines as Hitler's law for sterilization of defectives in Germany. It is pointed out by the professors that in their opinion, about 4 per cent of the population can be classed as feeble minded. On this basis and should the Smith bill be passed, about 230,000 men and women in Illinois will be eligible for enforced sterilization.

Backers of the measure insist that the sterilization of males is a simple operation which does not disqualify them for married life, but does prevent reproduction. This, they say, will reduce the number of patients in the state hospitals and a consequent saving to the taxpayers.

Prof. Smith is also preparing several other bills which he will introduce to prove the theories of the savants at the University of Chicago in social economics. He is also expected to handle much of the New Deal legislation which the national administration will ask from the state at the coming session of the assembly.

Gordon Jameson will leave for his home in Glasgow, Montana, after spending ten days with his sister, Mrs. Ines Ames. Mrs. Ames will accompany him. She will spend the winter in Montana.

Mr. and Mrs. Sol La Plant and son, Homer, and Clara Sherwood were the guests of Mrs. La Plant's brother, Oscar Savage in Kenosha, Sunday.

## ANTIOCH BOARD AWARDS SEWER JOB TO MELLOY

Libertyville Contractor Will Start Work Next Thursday

Contract for the construction of sanitary sewers in Harden and Spafford streets and a sewage pumping plant last night was awarded to Joseph A. Melloy of Libertyville at a meeting of the Antioch board of local improvements. The bid was for \$3,834.60, and the contract was let to the Libertyville firm upon recommendation of the Federal Emergency Administration of Public Works.

The PWA grant is for \$1,400 and the remainder of the cost will be provided by special assessment against the property benefited by the improvement and about \$600 public benefit to be paid by the village at large.

Contractor Melloy will execute a bond immediately, village officials stated today, and the work will be started one week from today provided a resident engineer is approved by the PWA and is on the job at that time.

## STATE LEGISLATURE WILL CONVENE JAN. 9

Legislation Affecting Chicago On Program; Move for Reapportionment

Springfield, January 3. The legislature will convene on Jan. 9, but still there has been no program publicly announced by the state administration. The Cook county Democratic leaders have their program, which includes such subjects as:

Extending the terms of Chicago ward committeemen from two to four years.

Legislation to permit refunding the debts of the consolidated park and sanitary districts to show a slight reduction in the tax rate for the next two years by postponing final payment of outstanding bonds and increasing the total amount of interest which will have to be paid on them.

The elimination of registration of voters in Chicago prior to the mayoralty primaries in February so that mass registration can be effected through the Democratically controlled Election Commission.

More money for relief in Cook county and the hope that the money will be turned over to the county and city governments for spending without any state supervision.

It is also expected that Cook county will demand a congressional reapportionment and will ask for 14 of the 27 congressmen elected from Illinois. An effort also will be made to give Cook county a majority of the senatorial districts.

One of the reasons why Gov. Horner is keeping quiet about his legislative program is said to be his difference with Mayor Kelly of Chicago. They have not been able to agree on organization of the senate and house or on relief. The latter is the most important. If relief is reduced in Chicago it would mean the defeat of Kelly. If it can be increased it would help to elect him.

The situation is most peculiar. Kelly does not want to run. His family is said to object to being followed by a police bodyguard at all times. He is wealthy and would like to sit back and put a man of his own (Continued on page five)

## Millburn Resident Dies In Waukegan Hospital

Mrs. Emilie Schwicht, 69, Leaves Husband and Three Children

Mrs. Emilie Schwicht, 69, long a resident of Millburn community, died Friday at the Victory Memorial hospital, Waukegan.

Funeral services conducted by Rev. S. E. Pollock of Antioch, were held from the Strang Funeral Home Monday at 12:30 o'clock and burial was in Waldheim cemetery, Chicago.

Mrs. Schwicht was born in Germany, July 9, 1865. She came to Chicago in 1883 and to the Thayer farm near Millburn in 1921. She was the mother of seven children, three of whom are living. She leaves her husband, Carl, two sons, John of Detroit, and Louis of Lake Villa, and one daughter, Mrs. Fred Scott of Antioch; also a sister, Mrs. August Lentner, Chicago; ten grandchildren and two great grandchildren.

## Yesterdays

of By-gone Years in Western Lake County

## Twenty Years Ago

Eugene Herman lost a valuable team of horses on Thursday when they broke through the ice and were drowned in Bluff Lake.

Allendale school at Lake Villa will receive two thousand, five hundred dollars at the end of ten years according to the terms of the will of the late George W. Hale, a wealthy Chicago man.

Hamlin & Sons, Lake Villa, began work the first of the week on the Spies cottage on the Lehmann property.

Mr. and Mrs. Glynn Goodell were Chicago passengers Tuesday.

Carl Paddock has gone to Lake Bluff and it is reported that he will join the U. S. navy.

Hessel Faber, in other words "Snowball," transacted business in Antioch Tuesday.

Glass, Mack was a Chicago visitor Sunday.

Francis and Milton Lasco of Kenosha were guests of Valletta Hanneman during the Christmas vacation.

Phyllis Morley entertained about fifty young folks at her home Saturday night.

Howard Ames of Chicago spent New Year's with Antioch relatives.

The schools in Bristol will open Monday after a small pox epidemic. Not one of the 20 cases was seriously sick.

Miss Pearl King gave a party for about sixteen of her friends New Year's eve.

The young folks of Grass Lake are G. Bown, the nice sleighing.

C. West and Mrs. A. T. Savage of Chicago spent New Year's at Ralph Clark's.

Steffen Pearl King who is attending school at Tolono, Ill., spent the holidays with her parents at Grass Lake.

## Fifteen Years Ago

Workmen are busy this week installing a big new Mosler safe in the state bank.

Della Albright and Harvey Watson of Area were married last week.

J. K. Dering and wife of Fox Lake entertained several Chicago friends at their home Cedar Lodge, over the Christmas holidays.

Mr. and Mrs. J. Buckley and Dorothy of Wilmett spent the holidays with Mr. and Mrs. Peterman in Kankakee.

Misses Ethel and Lucile Runyard of Chicago are visiting relatives here.

Mrs. L. H. Hoffman entertained relatives from Chicago over the holidays.

Mr. and Mrs. Ben Burke who have resided in Philadelphia for the past couple of years returned to this locality. They have not as yet decided upon their future location.

Mrs. John Darby entertained her daughter from Chicago over the week-end.

Miss Pauline Schert of Racine spent the holidays with relatives here.

Miss Viola Kuhaupt of Milwaukee was home over Christmas.

Special Sale—This Week Only—Kettle rendered lard, per lb. 32 cents; lamb stew, per lb. 18c; plate beef for soup, 16c; bacon, per lb. 36c. Antioch Packing Co.

The new entry way to the grade school is fast nearing completion.

The Christmas offering taken by the M. E. Sunday School for the benefit of Lake Bluff orphanage was \$43.33.

## Ten Years Ago

The milk price set for the month of January is \$2.40.

The thermometer registered 22 degrees below zero Sunday morning.

The state tax is 65 cents this year, 15 cents higher than a year ago. The reason for the increase is the soldiers' bonus. The county tax rate probably will be around \$1.00 per hundred.

Miss Ardis Grimm, who has been attending school at Milwaukee, is spending the holidays at the home of her parents, Mr. and Mrs. Henry Grimm.

Ward Abt returned home Sunday evening after spending several days with relatives in Chicago.

Mr. and Mrs. Harry Smith are spending the holidays with relatives in Nebraska.

Miss Vera Nelson of Oak Park was home for a few days over Christmas.

Mr. and Mrs. John Hancock of Chetek, Wis., arrived the latter part of last week for a visit with Antioch friends and relatives.

Mrs. W. Ross is spending the holidays at her home in New York.

Mr. and Mrs. Charles Viegler motored to Chicago the latter part of the week.

The Misses Lillian Van Deusen and Viola King left Saturday to spend several days at the home of Miss Elsie Roeselein.

Mrs. William Keulman was taken to the Wesley hospital where she underwent an operation.

William Hillbrand left on Sunday to join his family, who are spending the winter at Roseland, Florida.

Largest Granite Producers

Vermont, Massachusetts and Maine

are the largest producers of granite in the United States.

## Auto Graveyards Have Rival Under FHA

PROVIDING a rival for the roadside graveyards that are a common sight with their carcasses of junked automobiles, a new type of scrap heap is springing up under the Federal Housing Administration, as a curious symbol of civic progress. Clumsy, out-moded radiators, cracked sections from heating plant boilers, old style boilers, old clapped plumbing fixtures and similar equipment whose usefulness is

## Edison Disliked Decorations

Upon Thomas Edison's second trip to Europe the French Telephone company offered him a decoration which required that he wear a long sash. But the Ohioan flatly refused with the assertion that he couldn't "stand for that." Persuaded by his wife, he did however consent to wear the little red button of the League of Honor. But whenever he saw any American approaching he would slip the button into his pocket for fear, as he said, "they might think I am trying to show off."

## Races Have Odor

It is quite possible that other races can detect the odor of the white race. Deniker, in his "The Races of Man," refers to the fact that certain travelers have asserted they could recognize a population by its odor. The author admits that some ethnic groups have their specific odor, which gets fainter with scrupulous cleanliness, but never disappears.

## Some Great Musicians

Victor Herbert was taken to Germany at the age of seven and all of his musical education was obtained there. John Phillip Sousa, born in Washington, began his musical education in that city at the age of six, under Espinoza and Benkert; he was a violin soloist at eleven and a teacher of harmony at fifteen.

## Naming Mount Mitchell

Mount Mitchell, 18 miles east of Asheville, N. C., is named for Prof. Elisha Mitchell. In 1837, while determining the height of the mountain, he lost his life by a fall from a precipice. The body of the scientist is buried at the summit.

## Jingolism

Jingolism is an expression which arose in England during the ministry of Lord Beaconsfield, 1874-1880. The term was applied to those who wished Britain to take an aggressive foreign policy. It originated in a music hall song.

## Vieux Carre of New Orleans

The Vieux Carre of New Orleans is that section of the town whose limits correspond with those of the original city as laid out by La Tour and Pange in 1720. It was destroyed by fires in 1788 and 1794, and rebuilt mainly in the Spanish style.

## Heredity

Except for a few cases of sex-linked heredity, such as color blindness, hemophilia, night blindness and Gower's disease, in which sons inherit directly from the mother, there are no evidences that heredity differs between the sexes.

Speaking and Silence  
Speaking comes by nature; silence by understanding

## TYPOGRAPHY

means, in this shop, just exactly what the dictionary says...

## "THE ART OF PRINTING"

The same care, the same thought, the same exactness of balance, harmony of color and choice of mediums is used by us on a piece of printed matter that the artist uses when he is painting a picture.

The completed work is a real piece of art, pleasing to the eye, easy to read and hence... GETS RESULTS.

## TREVOR

Funeral services for Caesar Mizzen were held at Social Center hall Friday afternoon.

Mr. Mizzen was born on the Isle of Man October 31, 1873. In 1910 he came to America, spending several years near Antioch before coming to Trevor. A few years after coming to America he sent for his wife and three children. Two more children were born to this union. He is survived by his widow, three sons, John, Percy and Albert, two daughters, Leah and Cora, all at home. Rev. Pollock, Antioch, conducted the services with interment in Liberty cemetery. The bearers were: Henry Lubeno, Charles Oetting, Klaus Mark, William Mecklenburg, Joseph Smith, and Fred Forster.

Mr. and Mrs. Harry Lubeno, son Floyd, and Mr. Henry Lubeno were Christmas dinner guests at the O. Lovestead home at Silver Lake.

Mr. and Mrs. Charles Thornton, N. Fond du Lac, spent Christmas day with the D. A. McKay family.

Mrs. Joe Fernandez and son, Grass Lake, are spending the holiday week with her mother, Mrs. Louise Derler.

Vernon Runyard is spending a few days with Eddie Colligan at Camp Lake Oaks.

Mr. and Mrs. Harold Mickle entertained on Christmas day the latter's parents, Mr. and Mrs. Frank Runyard and brother and wife, Mr. and Mrs. James Runyard, Channel Lake, and Mr. and Mrs. Hans Dietrich, Twin Lakes.

Miss Mary Sheen was a guest of her sister, Mrs. George Vincent near Genoa City over the first of the week and Christmas day.

Mrs. Luannah Patrick attended the funeral services for Howard Johnson at Salem Thursday.

Harold Mickle is having a garage built. Hans Dietrich, Twin Lakes, is doing the work.

Mrs. William Kruckman, Burlington, visited her aunts, the Patrick sisters, Thursday afternoon.

Mr. and Mrs. Byron Patrick and sons, Salem, spent Christmas evening

with Byron's mother, Mrs. Luannah Patrick, and brother, Milton.

Mr. and Mrs. Arthur Runyard and sons, Chester and Vernon, were Christmas day dinner guests of Mr. and Mrs. Joseph Runyard and daughter, Mary, for Christmas dinner.

Mrs. Harold Mickle accompanied her sister, Mrs. Hans Dietrich, of Twin Lakes, to Lake Forest Thursday.

Miss Ruth Thornton was a Kenosha visitor Thursday.

Miss Ella Kelly, Cleveland, Ohio is spending a few days with her sister, Mrs. Caesar Mizzen.

Henry Lubeno attended the funeral services of Howard Johnson, Salem, Thursday afternoon.

Mr. and Mrs. Ed. Topel, Libertyville, formerly of Trevor, called at the Caesar Mizzen home Thursday evening.

William Mecklenburg had a carload of lambs trucked from Burlington for feeding on Friday.

Willis Sheen and Milton Patrick were business callers at Spring Prairie on Saturday.

Mrs. Arthur Bloss, Salem, visited her aunt, Miss Mary Fleming, Saturday afternoon.

Elbert Kennedy who is spending the winter with her daughter, Mrs. C. Shottliff, Wilmett, and his grandson, Harley Shottliff, called at his home Saturday.

Mr. and Mrs. James Lamb, daughter, Betty Jane, Mrs. Helen Hallett and Mr. and Mrs. Edward C. Glorum, Kenosha, were Sunday afternoon callers at the Joseph Smith home.

Karl Oetting spent the week-end with relatives and friends in Chicago.

Maurice Lux and Miss Tillie Schumacher motored to Wadsworth, Ill., Monday where they called on the former's father.

Fritz Oetting, Cicero, Ill., spent New Year's day with his uncle, Charles Oetting and family.

Mrs. Louise Derler entertained on New Year's day for Mr. and Mrs. Joe Fernandez and son, Joe, Jr., Mr. and Mrs. Bill Yopp and son and Kathryn Derler, all of Grass Lake.

Champ Parham accompanied Dwain

Dowell on a business trip to Milwaukee on Monday.

Mr. and Mrs. James Walsh entertained a niece and husband from Evanston on Sunday.

Mr. and Mrs. James Walsh spent New Year's day with the latter's sister, Mr. and Mrs. King, Chicago.

## THE NEW FORD V-8 FOR 1935

## NOW ON DISPLAY

A New Ford V-8 That Brings New Beauty, New Safety, and a New Kind of Riding Comfort Within Reach of Millions of People

The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modern lines and new, luxurious appointments.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads—"a front-seat ride for back-seat riders."

This ease of riding is achieved by the use of three basic principles never before combined in a low-price car.

1. Correct distribution of car weight by moving engine and body forward eight and a half inches.

2. New location of seats by which the rear seat is moved forward, toward the center of the car—away from the rear axle and away from the bumps.

3. New spring suspension which permits the use of longer, more flexible springs and increases the springbase to 123 inches.

The result is Center-Poise—which not only gives you a new riding comfort but adds to the stability of the car and its

ease of handling. You can take curves with greater safety.

There are many new features in the Ford V-8 for 1935 which make the car still easier to drive. New brakes give more power for stopping quickly with far less foot pressure on the pedal.

A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car still easier to handle. New, wider, roomier seats.

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its dependability and economy in the service of more than a million owners. There are refinements, but no change in

basic design. You buy premium performance when you buy this Ford V-8—full 85 horsepower and capable of 80 miles an hour. All Ford V-8 cars for 1935 come equipped with Safety Glass throughout at no additional cost.

We invite you to see this New Ford V-8 for 1935 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

## FORD V-8 PRICES ARE LOW

12 BODY TYPES—Coupe (5 windows), \$495; Tudor Sedan, \$510; Fordor Sedan, \$575; DE LUXE—Roadster (with rumble seat), \$550; Coupe (3 windows), \$570; Coupe (5 windows), \$580; Phaeton, \$580; Tudor Sedan, \$575; Cabriolet (with rumble seat), \$625; Fordor Sedan, \$635. (F. O. B. Detroit. Standard accessory group including bumpers and spare tire extra. All body types have Safety Glass throughout, at no additional cost. Small down payment. Convenient, economical terms through the United Credit Company.)

NEW 1935 FORD V-8 TRUCKS AND COMMERCIAL CARS ARE NOW ON DISPLAY

## News of

## ANTIOCH and Vicinity

## KAISERS LEAVE FOR OCEAN CRUISE

Mr. and Mrs. Sidney Kaiser of Antioch will leave Saturday for New York, and after a four-day visit in the metropolis they will embark on a 17-day ocean cruise which will take them to Havana, thence through the Panama canal and to Los Angeles and San Francisco. They will also stop at Tia Juana, Mexico, and Seattle, Wash. It is possible, Mr. Kaiser said, that they may visit Alaska. They will return via Butte, Montana. The trip as planned will require about two months time.

## INGLESIDE WOMAN TO ADDRESS ANTIOCH CLUB

Mrs. Halbert Hanedlan, of Ingleside, chairman of the conservation committee of the 10th district, will be the speaker at the Antioch Woman's Club meeting Monday. Her subject will be: "Projects of the Federal Government in Connection with Conservation." Slides will be shown.

Mrs. Frank King will speak on current events.

The meeting will be held at the home of Mrs. C. J. Heinzelman at Cross Lake with Mrs. W. W. Warriner and Mrs. Edmund Vos as co-hostesses.

## MOTHERS' CLUB TO MEET TUESDAY

The Antioch Mothers' Club will meet Tuesday evening at 8:00 o'clock at the home of Mrs. E. C. Scheibe on Lake Street. Mrs. Roy Bicknell heads the program committee, and Mrs. Burt Anderson will have charge of the entertainment.

## KAISERS HAVE NEW YEAR'S PARTY

Mr. and Mrs. Sidney Kaiser entertained at a New Year's eve party at their home at Lake Marie. Among those present were Mr. and Mrs. Orville Barnett and Herbert Ross of Chicago, Miss Jane Goldstein of Milwaukee, Mr. and Mrs. George Wagner, Jr., Mr. and Mrs. Hugh Galbraith and Mr. and Mrs. Paul Ferris.

## LADIES' AID MEETS WITH MRS. GASTON

The Ladies' Aid of the M. E. Church held its regular meeting Wednesday afternoon at the home of the president, Mrs. H. B. Gaston. Miss Lottie Jones was elected as treasurer to finish the term of Mrs. Inez Ames.

## ANNOUNCE ENGAGEMENT OF THEIR DAUGHTER

Mr. and Mrs. Emil F. Buchert of Lake Villa announce the engagement of their daughter, Hazel, to Laurel Van Patten. The wedding date has not yet been set.

## GIVE FAREWELL PARTY FOR WILLIAM OVERTON

Homier La Plant and Phil Anderson gave a farewell party for William Overton New Year's night at the La Plant home. There were five couples present. Bridge was played.

## LADIES' AID TO MEET WITH MRS. KUHAUPT

The Ladies' Aid Society of the M. E. Church will meet next Wednesday afternoon at the home of Mrs. George Kuhaupt.

## ROYAL NEIGHBORS HOLD REGULAR MEETING

The Royal Neighbors will hold their regular meeting next Tuesday night.

## The "Keystone State"

On the Fourth of July, 1774, the Continental congress convened in Philadelphia to vote upon adoption of the Declaration of Independence and thus decide whether the thirteen colonies should secede from the British empire. Before the Pennsylvania delegation arrived notes G. R. Turner in the Kansas City Times, twelve states had voted, with the result that six were in favor of independence and six were opposed to separation from the mother country. When the Pennsylvanians came in, John Morton cast the deciding vote for independence. Thus Pennsylvania, by its vote, decided the great issue and rightly earned the popular name of "the Keystone State."

## Why They Are Kissed

The small crosses or x's were at one time more important than as symbols indicative of youthful romance, writes G. R. Turner in the Kansas City Times. Their origin dates back to a time when few people could read and an even fewer number could write. Nevertheless, wills and other public documents had to be signed somehow, so those who were unable to write merely made their mark. The solemnity of affixing one's signature to such binding agreements led, in a highly religious age, to making such marks in the form of a cross that the signer would kiss as a pledge of good faith and as an act of reverence. Thus the cross on paper became associated with the kiss.

## Salt in Salt Lake

Brines from the Salt Lake in Utah contain, as a rule, somewhat more than 20 per cent of somewhat of this about three-fourths is sodium salt.

A reading room is maintained at the above address and is open Wednesday and Saturday afternoons from 2 until 4 o'clock, and Wednesday evening from 7 until 8 o'clock.

## CHRISTIAN SCIENCE CHURCHES

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 30.

The Golden Text was, "The Lord hath made bare his holy arm in the eyes of all nations; and all the ends of the earth shall see the salvation of our God" (Isaiah 52:10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For ever, O Lord, thy word is settled in heaven. . . O how love I thy law! I have refrained my feet from every evil way, that I might keep thy word. . . Thy word is a lamp unto my feet, and a light unto my path" (Psalms 119:89, 97, 101, 105).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If God, the All-in-all, be the creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a knowledge or understanding of God, for there can be nothing beyond illimitable divinity" (p. 127).

## ST. PETER'S CATHOLIC CHURCH

Antioch, Illinois  
Sunday Masses are at 8 and 10.  
Week-day Masses—8:00 o'clock.  
Catechism Class for children—Saturday morning at 10 o'clock.  
Confessions—Saturday afternoons and evenings from 4 until 6 and from 7:30 until 9 o'clock.  
Rev. F. M. Flaherty, Pastor.  
Telephone Antioch 274.

Mr. and Mrs. Lee Strang and daughter Doris spent Wednesday in Milwaukee.

Robert Dunn of Elgin is enjoying a few weeks' vacation at home.

Mr. and Mrs. Andrew Harrison spent New Year's at the Clarence White home near Pikeville.

Mr. and Mrs. John Robbins and children, Ernestine and John, returned home Tuesday evening after spending a week in Chicago and La Grange.

## The Wandering Jew

The Wandering Jew was a legendary character who was supposed to have been doomed to wander until the second coming of Christ because he taunted Jesus as he bore the cross. This legend first appeared in a pamphlet supposed to have been printed in Leyden about 1622 and it relates how one Paulus von Elzers had met a Jew, Ahasuerus, who had declared himself "eternal" and the original Jew punished by Christ. The pamphlet gained wide circulation and led to reports of the Wandering Jew being seen in many places.—Pathfinder Magazine.

## Meaning of "California"

If the name of the Golden State were reduced to its Spanish interpretation, it is very probable that the aggressive advertising of its climate would be largely nullified, for literally "California" is a combination of two Spanish words meaning "hot furnace," writes G. R. Turner in the Kansas City Times. The Spaniards, who were the first white men to explore the state, gave to it this name because their interest was not in the cool verdant lands of the seacoast, but in the hot arid sections of the interior where gold was believed to be found.

## Personals

Miss Geraldine Flood of Waukegan spent the holiday with her cousin, Miss Hilma Rosing.

New Year's day guests of Mr. and Mrs. Paul Ferris were Mr. and Mrs. Sidney Kaiser, Mr. and Mrs. Orville Barnett and Herbert Rose of Chicago and Jane Goldstein of Milwaukee.

Otto Klass returned to work Wednesday after several days' illness.

Mr. and Mrs. Lester Mueller and Miss Clara Noveller of Kenosha spent New Year's with Mr. and Mrs. Joe Keller.

Robert Dixon, son of Mr. and Mrs. J. B. Dixon, will return to Hanover, New Hampshire, Sunday. Robert is a sophomore at Dartmouth college.

Mr. and Mrs. Carl Anderson and Miss Laura Anderson attended a party at Round Lake on New Year's eve.

Mr. and Mrs. William Anderson entertained Mr. and Mrs. Robert Wilton and son and Mr. and Mrs. Adolf Pesat and sons New Year's day.

Mr. and Mrs. Chris Mortensen spent Friday in Kenosha.

Mr. and Mrs. Carl Anderson will spend the week-end in Janesville, Wis., with Mrs. Anderson's parents, Mr. and Mrs. Arthur Touton.

New Year's day guests at the Chase Webb home were Mr. and Mrs. Ben Burke and Bob, Mr. and Mrs. Albert J. Tiffany, Mr. and Mrs. Nason Sibley and family, Homer Tiffany and Misses Deedie and Mary Tiffany of North Chicago.

Mr. and Mrs. William Frederick and son, Raymond, Mr. and Mrs. Fred Ball of Villa Park spent New Year's with Mr. and Mrs. George Bartlett and family.

Dr. and Mrs. H. F. Beebe spent New Year's with Mrs. T. M. Gratz at Libertyville.

George Hawkins, son of Mr. and Mrs. Arthur Hawkins is ill with the measles.

Mr. and Mrs. William Keulman and George Seby spent Sunday with Mrs. Keulman's sister, Mrs. C. Schultz of Bristol.

Miss Gladys Gaulke of Chicago spent the week-end in Antioch.

Mrs. Will Barnstable spent Wednesday in Chicago.

Mr. and Mrs. Harry Radtke spent New Year's eve in Kenosha.

Mr. and Mrs. Robert Mann spent New Year's day in Chicago.

Mr. and Mrs. Arthur Lindgren and daughter, Shirley, of Aurora were New Year's guests of Mr. and Mrs. L. B. Grice.

Mr. and Mrs. Will Gray had New Year's dinner with their daughter, Mrs. Evan Kaye and family.

Mr. and Mrs. Thomas Slusser and family, Mr. and Mrs. Robert Wadsworth and son and Miss Alice Woodworth of Chicago were Sunday guests of Mr. and Mrs. A. J. Tiffany.

Miss Mabel Fairman of Aurora is spending a few days at the H. H. Grimm home.

Richard Chinn who is working in Chicago spent the holidays at home.

Mr. and Mrs. Raymond Winship and daughters, Laura and Ramona, spent the New Year at their cottage at Fox Lake. Mr. Winship has been confined to his bed most of the time with rheumatism since last July.

Mr. and Mrs. Charles Lux, Jr., and Mrs. Chas. Lux, Sr., spent New Year's in Waukegan with Mrs. Minnie Taylor.

Mr. and Mrs. Charles Alvers have rented their farm and are leaving today (Thursday) for Chicago where they will make their home. They will live at 69th St. and Harper Ave.

Mrs. Lillian Williams and sons, Dean and Roger, were guests of Mr. and Mrs. W. R. Williams on New Year's day.

New Year's day guests at the home of Mr. and Mrs. Ben Drury were Mr. and Mrs. Sol La Plant, Mr. and Mrs. Andrew Dalgard and family and Mr. and Mrs. Harry Schumacher and son.

Mr. and Mrs. James Stearns returned Wednesday after spending New Year's in Streator, Illinois.

Mr. and Mrs. Robert Mann spent New Year's in Chicago.

Mr. and Mrs. Oliver Matthews and guests, Floyd Matthews and family, Ed. Boulden and family of Edison Park were New Year's guests of Mrs. Matthews' mother, Mrs. Hannah Boulden, of Wilmet.

Wilson King of Chicago spent the holidays with his sister, Mrs. Frank Powles.

## Barcelona Is Aged

The foundation of Barcelona, Spain, is attributed to Hercules, 400 years "to a day" before Rome was born. Its known history dates back several centuries before Christ. It was here that the first steamship was launched in 1543. It was propelled by two steam-driven wheels and attained a speed of three miles an hour.

## Reunion Island French Colony

Reunion Island has been a French colony since 1643 and is in the Indian ocean, about 400 miles east of Madagascar. The colony is represented in the French parliament by a senator and two deputies. It has an area of 975 square miles. St. Denis is the capital.

## Ag Research Aids Farmer

## U. of I. Experiment Station Holds Outstanding Record.

When the public turns to economy, it begins to see a higher value in the research and investigational work such as is being conducted by the experiment station of the University of Illinois College of Agriculture, says Director H. W. Mumford. The record that work is full of results which have reduced losses and wastes, produced the same output with less labor and money, paved the way to the production of higher quality crops, led to the development of more efficient marketing and thereby benefitting the farmer and the consumer. In results are the essence of economy.

For example, there is now a loss of less than \$10,000,000 annually as a result of damage to perishables during shipment. Food producers and shippers are the ones who eventually pay this bill. Damaged shipments have been inspected and studied in great yards and produce terminals. Studies by investigators of the Illinois experiment station have yielded suggestions which if adopted country-wide would reduce the loss by half, with consequent savings to the farmer and the consumer.

The stock industry of the state, which few years ago was bringing in a gross income of \$330,000,000, furnishes another example. Bang's disease, a contagious malady which causes premature birth of calves and leads to other losses, is taking a toll of millions of dollars annually from the herd owners of the state. By means of research and investigation, a simple and practical plan has been worked out for controlling this malady through blood testing of the cows and their management. The herd, they maintain, can be kept healthy and healthy herds at a minimum cost. Work through qualified veterinarians and other interested agencies, the University has extended the benefits of this plan to more than 200 herd owners in 14 counties of the state. One of these, LeRoy E. Davis, of Coles county, stopped an annual loss of \$250 on his farm. At this rate, the saving to the 200 farmers would amount to \$150,000 a year, for farmers are enrolling in the project every year.

An estimated 1,650,000 bushels of corn which Illinois farmers lose every year as a result of the ravages of the insect known as the corn root aphid can be reduced by half through the use of proper rotations demonstrated in co-operative studies between the experiment station and the Illinois State Natural History Survey. The saving goes beyond the 1,650,000 bushels of corn. It includes valuable seed that might otherwise be wasted, the farmer's time and labor and the use of his machinery, power and land.

Approximately \$7,500 to \$100,000 a year has been saved for orchardists of southern Illinois as a result of improved methods of spraying for San Jose scale. Ten years ago this pest was so serious that an outbreak in southern Illinois destroyed more than 100,000 bearing apple trees, wiping out the investment which growers had made in previous years for trees, labor, spray materials, and fertilizers and delaying the possibility of return from their land.

At that time lime sulfur sprays were practically the only commercial control known. Oil sprays developed since then cost approximately one-third as much as the lime sulfur sprays for covering the same acreage of orchards, and are easily applied and will kill from 98 to 99 per cent of the scale, whereas the lime sulfur sprays killed from 90 to 92 per cent. These are only a few of the examples of the widespread benefits from the work of the University Agricultural Experiment Station. Scores of similar instances might be cited to show the research and experimental work is benefiting both farmer and consumer through reducing wastes and losses, improving the quality of products and developing ways of marketing them more efficiently and profitably.

## HOG RAISERS USE U. I. METHODS TO IMPROVE INCOME

## Demonstrated Pork Production Adds Millions to Incomes.

Hogs bring in more than 25 per cent of the cash income of Illinois farmers, which means almost \$150,000,000 annually under ordinary prices prevailing a few years ago. On January 1 of this past year there were 4,000,000 hogs on Illinois farms. If economical methods of pork production as demonstrated throughout the state by the extension service of the College of Agriculture, University of Illinois, had been used on all these hogs, the added return over the ordinary methods, at January 1932, prices would have amounted to almost \$12,500,000.

As a matter of fact widespread use of the approved method is now being made throughout the state and more farmers are taking up the plan every year as a result of the Illinois extension service program in economical pork production. At the end of 1932 it was reported that 3,195 farmers in different parts of the state were endeavoring to follow the methods.

Results of one of the experiments showed that soybeans can be used to good advantage in the ration of the resulting pork. The 100-pound sow and boar in Illinois could handle an average of four bushels of soybeans a year. This would make a total of 3,395,000 bushels, or 11 per cent of Illinois' 1932 crop of 6,200,000 bushels.

If the U. of Illinois were closed directly, and the money were not applied for some other purpose, the actual saving to taxpayers of the state would amount to only about three-fourths of one cent on the average, a dollar paid in property taxes, for example, would be paid by the person paying it in the form of a tax on the University would be about one-half cent.

The Word "Scamp"  
The word scamp originally signified a traveler, but three hundred years ago when a man traveled he generally had a good excuse for doing so, for few left home save when compelled, and to be a traveler was practically equivalent to being a rogue.

It Pays to Be Fat  
After studying 2,000 candidates for the R.A.P., a medical officer states that overweight is better than underweight; heavier men can stand prolonged mental and physical stress and are less liable to disease than their slimmer colleagues.—Answers Magazine.

## ALUMNI PLAY TWO FAST GAMES

### Tourney of the Old Timers Fails to Go to Finals

Old timers and near old timers matched prowess on the basketball floor at the Antioch gym Friday night when the tournament of alumni teams was played; however, the affair did not go to the final stage of producing a champion team for the games were called off after two had been played.

The attendance of former athletes was not as large as was expected and some substitutions had to be made to make up the various teams. In the first game the men of '24 to '27 were defeated by the younger set representing the classes of '30 and '31 by a score of 21 to 16. Oliver Hughes, who was playing with the older team, emerged from this game with a broken toe.

Following are the scores:

Classes of '24-'27	B	F	FT
O. Hughes	0	1	0
L. Nelson	1	0	0
Bown	2	0	0
R. Brogan	4	0	1
Pacini	0	1	0
Classes of '30-'31	B <td>F <td>FT</td> </td>	F <td>FT</td>	FT
Nat	0	1	0
vide Wong	2	0	0
bitteris	5	0	0
therphos	2	0	1
shells	2	0	0
woolsehan	1	0	0
Woolsehan	3	0	0
G. Bown	8	0	0
C. Weris	1	0	0
A. Shunnesson	1	2	0
Classes '32-'33	B <td>F <td>FT</td> </td>	F <td>FT</td>	FT
Steffenberg	2	1	0
J. Murphy	2	0	0
R. Brogan	4	0	0
I. Walsh	1	0	0
B. Murphy	2	0	0

### Dogs Have Topknot

Many dogs of the Mexican hairless variety are crested with a topknot and carry a tuft of hair at the tip of the tail. . . in others it is bristly and upright. The eyes, lashes, are yellow, hazel or dark bordered with pink or dark rims like that of an impatient race horse. The nervous tremor of the muscles and sinews is characteristic. Not classed for any particular utility, he is considered, however, a good hunter of rabbits and rats. His owners attest that his intelligence, brightness and affection more than repay that tolerance of his unprepossessing appearance.

### Size of Yellowstone Park

Yellowstone national park is chiefly in the northwest part of Wyoming with narrow adjacent strips in Montana and Idaho. It covers a surface as the park proper about 92 miles in length, from north to south and about 64 miles in width, with an actual area of 3,350 square miles. To this region, as originally circumscribed, a forest preserve of some 2,000 square miles has been added on the east and south, giving a full area to the park of somewhat over 5,500 square miles.

### Your Automobile

Your spark plugs are over 10,000 "shots" in every mile. Worn or dirty spark plugs misfire and unburned gas discharges in the exhaust pipe without producing power. This wastes gasoline—usually one out of every ten gallons. Spark plugs should be properly cleaned and the firing points readjusted at least twice a year. This will save gasoline and give better pick-up.

### Meaning of "Junket"

The word junket as often applied to congress was originally applied to a banquet, or a picnic or excursion with feasting but it has come to mean a trip at public expense by government officials to some distant post, territory or public works for the purpose, they claim, of investigating conduct or for inspection. Congress men, especially, have been noted in the past for their junkets to distant regions flying the American flag.—Pathfinder Magazine.

### Weapons of Wasps, Bees

Wasps and bees are equipped with the most formidable weapons of defense of all insects. Many insects can bite and puncture with their mouth parts, but they can't do it as handily, neatly and effectively as the wasps can puncture with their stings. The sting of the common social wasp or bee is simply a weapon of defense which is not used so long as the insects are not disturbed or threatened with injury.

### Languages of the World

The languages of the world, according to origin, history of nationality, are placed in the following great groups: (1) Indo-European languages (including Teutonic, Romance, Slavonic, Celtic, Iranian, Armenian and Indian languages); (2) Ural-Altaic languages; (3) Caucasian; (4) Malay-Polynesian; (5) the monosyllabic or isolated languages; (6) Japanese-Koreanic languages; (7) Hamitic-Semitic languages; (8) Bantu languages; (9) languages of the interior of Africa; (10) African; (11) American Indian languages; (12) another group called "unclassified languages."

## The Heart of Hollywood

By THAYER WALDO

© McClure Newspaper Syndicate, WNU Service.

THE arc lamps circled and the music played and twelve thousand people seethed around. Half an hour still before the picture would begin; thirty minutes more of glare and blare and babble, then another Garhheim's Arabian theatre premiere would be history. I stood on the fringe of the crowd, watching and listening to it all. Out in front of the forecourt there was suddenly a commotion. Into the hanging microphone the voice of the announcer near me cries:

"Here it is, ladies and gentlemen—the big moment everyone's been waiting for. Miss Sylvia Malvern, the lovely star of tonight's picture, is just arriving. In a minute we'll have her here to say a few words to you."

Up the narrow cleared passage from the curb Sylvia made her glittering way. Jewels, fur, and her flashing smile created a picture of dazzling, if overdone, charm. As she passed a few feet from me I became aware of someone at my elbow, squirming and pushing forward. I glanced sideways with a scowl—and hardly stifled an explosion of mirth at what I saw.

There beside me stood a short, squat man whose face was the most absurd concoction of features I have ever looked upon.

I'd just gotten the full startling impression when, to my further astonishment, he grinned and waved at Sylvia Malvern. Moreover, she returned it with a gracious nod. Then she had passed on and I became aware that the fellow was regarding me, his blissful smirk still active.

"Gosh!" he exclaimed in a gurgling voice. "Ain't she grand?"

"Sure is!" I agreed heartily. "Do you know her?"

He bobbed assent and the pop eyes rolled happily.

"Oh, yeah—she's my best friend, really. Course I only met her couple o' weeks ago, but now it seems almost like we'd known each other always."

The perfect satisfaction in his tone decided me. I told him:

"That's certainly fine! I've wished for years I could meet her myself. How did you manage it?"

"Well, guess I was just kinda lucky. But it was awful important to me; maybe that helped. I think y' get 'most anythin' y' want bad enough."

Realizing that he was fully launched now and willing to talk, I suggested that we seat ourselves upon a small stone bench which stood beneath some potted palms near by.

"So you were very anxious to see Miss Malvern, eh?"

"Gee, you bet I was!" he replied with something like a wistful note.

"Y' see, she was the first person to ever make me feel real happy. Back when I went to school, all the other kids used to laugh and point at me and holler 'Funny-face!' So I got kinda in the habit of stayin' by myself. Sometimes I was pretty lonely, some, too, and—but aw, shucks, that sounds like I was feelin' sorry for myself; I didn't mean it that-a-way."

"I went to movies a lot 'cause it was dark in the theaters and—well, I liked 'em. One day 'bout a year ago I first saw Sylvia—Miss Malvern, that is—and right off I was crazy about her. Her face was so pretty and sweet and—kind-lookin'. Guess I musta gone back to see that pitcher five or six times, and the same with all of hers after that."

After an instant's pause he went on more eagerly than ever:

"Then long some time 'ast winter I got the idea how swell it'd be if I could see her herself, and maybe even talk to her. So I just up and sold some land my folks had left me and come straight out here from Cedar Hollow—that's my home town, in Iowa."

"I didn't have much notion what to do, but I found Zenith studio and hung around the gate. One day the man in uniform there asked me what I wanted and I told him, and he called somebody else. First thing I knowed they was takin' me right into the place. I waited in some office just a few minutes, and then they told me where to find Sylvia."

"Well, it all turned out like I hoped for. We was alone, on the stage where she'd been actin' for this pitcher. I don't remember just what I said; maybe some of it was kinda foolish, on account of I was so nuts about her. But it don't matter now—all I care about is thinkin' how swell she was to me. I ain't never gonna forget that, and I'll never mind no more when other people make fun of me. All a fella needs is one real friend."

Suddenly he noticed many of the throng drifting toward the theatre entrance, and sprang up.

"Golly!" he cried. "I gotta go; I must miss some of it. Well, hope you meet her some time, too. G'bye."

Before I could summon poise to move or speak, he was gone. I was still sitting there, pondering the tale and its strangely touching teller, when a crisp voice came to me from beyond the palms—the announcer signing off. Quite idly I listened.

"And finally, ladies and gentlemen," he said, "let me urge you to attend this truly great picture soon. I saw it in preview just last night, and it has everything: cast, story, songs, comedy—oh, what comedy! There's one skit I'm sure will be the season's biggest laugh. And they tell me it's absolutely novel; a scene in which the chief actor didn't even know he was appearing. Miss Malvern's with him, and makes it a grand stooge. Honestly, it's a panic, and only one of the high spots in a real four-star show. Thank you; good night."

## Close Shave

By JOSEPH M. GRAHAM

© McClure Newspaper Syndicate, WNU Service.

SHE was young and very pretty. Almost hidden by an armful of packages she lowered them long enough to smile at the old druggist who smiled back reminded suddenly of some one also young and fair who used to smile at him that way many years ago.

"May I have two nickels?" she asked laying a ten-cent piece on the counter. "I'd like to telephone."

"Certainly," said Doc Putnam cheerily, adding: "We have two telephone booths, one in the rear and one at the front. Take your choice."

"I'll take the one in the rear," she smiled, gathering her bundles together.

"It doesn't matter which one you use," the druggist's eyes twinkled, "I can hear everything you say."

Laughing, she entered the booth. As she called the number, Doc listened idly. Some lucky young husband was about to be called, he guessed, perhaps informed that dinner would be late because his darling had been delayed while shopping. Doc enjoyed cataloging the people who passed in and out of his drug store day after day and generally his guesses were right.

"Is this Bishop 7-3232?" the girl was speaking. "This is Mary. Yes, John was supposed to phone me at exactly five o'clock and I'll never be there on time. Yes, I'll give you the number in the phone booth and he can call me here. Ready?"

Not far wrong, thought the old druggist proudly and turned to greet two new customers: A blond, rather overdressed, and an attentive young man.

He entered the phone booth in the front of the store and the blond took a seat by the soda fountain. As the old druggist rearranged a window display which had fallen down, he heard the young man in the booth give the operator a number.

Suddenly he stiffened to attention. It was the same number called by the girl in the rear phone booth.

"This is John, is Mary there?" The young man's voice was easily distinguishable to old Doc Putnam.

"Yes, yes," the voice was suddenly impatient. "Let me have the number. O. K. Thanks. Good, I'll call her at once." The receiver clicked as he hung up.

"Will you let me have some nickels, please?" the young man had swung open the door of the booth and was holding a dime in the general direction of the druggist and smiling at the blond.

With shaking hands the old man made change and the young man turned to the phone and called the number in the back booth where his wife waited.

In a few minutes things would be popping in the store and Doc wondered what attitude the erring husband would take. And what of the blond? He turned and regarded her as she sat impatiently tapping her foot and puffing a cigarette.

But the telephone conversation broke in on his thoughts.

"Hello, Mary, this John? Yes, yes I know. I'm very sorry, but I won't get home until late—delayed downtown, you know."

There was a pause. "I know I promised but—"

Suddenly Doc Putnam was angry. Suddenly he hated the frivolous blond girl, tapping her foot so impatiently, so sure of herself and the man she waited for. They were cheaters, that's what they were!

What would happen when the phone conversation ended and those two stepped out and confronted each other? All the dreams of the sweet-faced girl in the back of the store would come crashing down about her. It would be a cruel thing to watch. A lump rose in the old man's throat. Suddenly he determined that it would not happen.

The rear phone booth opened, and the girl came out. Picking up her bundles, she started toward the door. Then she caught sight of the young man standing in the door of the front phone booth.

"Why, John—" her laughter bubbled out—"What a coincidence. You were in that phone booth all the time?"

"Mary!" He was both surprised and frightened.

The blond, who had been staring at the girl indignantly, stepped forward. But a dim hand grasped her arm.

"Mrs. Smith," said old Doc Putnam, loudly, "this is probably the best cure for your ailment."

He had seized a bottle from a shelf and was holding it before her.

"That's his wife," he whispered, in a hoarse undertone.

Bewildered, the blond was staring at the skull and cross-bones on a bottle of iodine.

In the background, Doc was dimly conscious of the strained voice and laughter of the young man.

As the husband walked out with his wife, he half turned. Without glancing at the blond, his eyes riveted on the face of the old druggist, and in their depths was mingled a story of contrition and gratitude.

### Law Briefs Old

The system of submitting all cases to a court in the form of a written brief existed in Egypt about 5,000 years ago. One such brief in the Berlin museum covers litigation between an heir and an executor; it is believed to be of that age and the oldest document of its kind in existence.

## LEGISLATURE---

(continued from page 1)

choosing into the mayoralty chair. But if Kelly doesn't run there are half a dozen candidates ready to jump into the fight and the Democratic machine probably would fly to pieces. Yet, at the same time, Horner is said to have sent word to Chicago that Kelly should not run because he can't answer the charges that will be made against him in the campaign.

## EDWARDS FUNERAL---

(continued from page 1)

ago that his condition was serious enough to cause his removal to the Victory Memorial Hospital. His condition showed considerable improvement and on December 24 he was removed to his home in an ambulance in order that he might spend Christmas with his family. He suffered a serious relapse on New Year's eve and died at 11:45 o'clock that night. Members of the family were at his bedside.

Besides the widow, Mrs. Harriet Erskine Edwards, the deceased leaves three children, Erskine, Avis and Eleanor; three brothers, Russell, Harry and John; a sister, Mrs. H. C. Coulson, and his father, Henry C. Edwards.

## Huge Stage and Screen Show at Kenosha Theatre Saturday and Sunday

This probably is not great news to the readers of this paper, especially those of whom have journeyed each week-end to Kenosha and have learned to enjoy the stage and screen shows offered at the Kenosha Theatre, but special mention is made on this particular bill of entertainment, inasmuch as it is replete with screen and stage features assembled in an effort to make it the outstanding theatrical event of the new year.

The screen reveals Sir James Barrie's immortal story, "Little Minister," in which Katharine Hepburn, fiery star of "Little Women" and "Splendor," comes forward one more step toward the goal of every movie star's ambitions. Miss Hepburn is ably supported by John Beal and Alan Hale and the story, mad, famous on the stage by Maude Adams in the days of the legitimate theatre.

On the stage, Larry Rich, famous maestro of the air and stage entertainers for a full fifty-five minutes with his band and company, numbering over 40 persons. This is a unit, complete in every detail, with special scenery, lighting effects, in fact just short of a regular big time road show production and features many well known stage acts, together with the Rhythm Rounders and a chorus of twelve poor little rich girls.

But the program does not end

## HOLD ON TO YOUTH

### Summer Beauty Sense

By Marie H. Callahan, Editor  
Modern Beauty Shop Magazine

It is a temptation to leave common sense as well as care behind us when we go vacationing, but for your own comfort and beauty be a little wise about exposing yourselves too suddenly to the sun. Remember that spending the first day of the vacation on the beach "getting a tan" will more probably result in a very painful sunburn instead.

Tan if you must, but take it slowly. Don't settle yourself on the beach determined to get a fine romantic tan on the very first day of your vacation. And by all means don't do this if you are spending your summer in the midst of the kind of friends who think back slapping is amusing.

A few minutes of exposure to the sun is enough on the first day; then gradually the length of time can be increased. In any case, before you go out first apply a generous coating of cream or lotion to the skin, remove the surplus and apply talcum powder.

Then, on coming indoors, cleanse the skin with cold cream. After this, pat on a soothing lotion. If, failing to take these precautions, your skin should become red and burned, the irritation may be relieved by bathing with a simple lotion composed of one part of lime water and two parts of olive oil.

Freckles are another summer problem. If you have the kind of skin that freckles easily you may be comforted to know that the reason it is so sensitive is because of its natural delicacy, and that this type of skin, if properly cared for, is more beautiful than any other. A lotion safe and effective for clearing the skin of freckles is made as follows: one-half dram sulphur-carbide of zinc; one and a half ounces of glycerin; four ounces rose water; three drams cologne water, all shaken well together. This solution should be applied several times a day with a piece of clean linen or absorbent cotton.

Another common summer folly is the way we eat. It is said that fully 80

percent of the illnesses treated by country doctors during vacation time are simply cases of gastric disturbances caused by foolish food habits. In the summer we don't require as much food to keep up our energy as we do in the colder seasons so we should eat more lightly. Of course, for health and beauty the diet should always be built around fresh milk, fruits, and vegetables, but it is even more important to do this in the summer time, when it is doubly necessary that we have plenty of liquids and easily digested foods in our daily diet.

Thanks to modern beauty science, the maintaining of good looks during the summer months does not present the problems that it used to, in the days when we were martyrs to the marcel wave, which, like "mother's darling daughter" couldn't go near the water. Nowadays with a permanent wave acquired at the beginning of the summer we can swim and dive freely and emerge looking as fresh and waved as when we went in the water.

So arm yourself with common sense, plus protective skin creams; fresh milk, fruits and vegetables in your diet; and a permanent wave—and have a good time.

### Blonds Always Win

That men have always preferred blond hair is supported by a number of facts in history. One of the best indications is that in the heyday of wigs it was the blond ones that were at a premium. The dark wigs were cheaper and made of horse or goat hair while the blond wigs were made of human hair.

### Liar's the Worst of All

Murder is treated as a minor offense by the Nagas of Assam, but the perjurer, apart from being allowed to commit suicide, is sentenced to have his head struck off.

### Fish Has Sharp Jaws

The needle fish, a deep-sea denizen, has its jaws elongated into needle-like points.

## Heavy Blankets Aren't Always Warm; Lighting Equipment Elasticity and Nap Show Wool Quality Important

(by Georgia Bayson)

Since the comfort of our cold weather months depends not a little upon the intelligence we exercise in choosing our woolen blankets and the care we take in washing them it behooves us to consider well their selection and upkeep.

There are two hundred or more breeds of sheep in the world, contributing a wide variety of fine, medium and medium grades of wool. The elasticity of wool is one of its most important characteristics, for it gives softness and pliability to the finished product.

In the selection of woolen blankets it is well to keep in mind that no blanket is warm merely because it is heavy. Blankets should be bought "by the pound." Light weight covers, with nap thick and high, are far warmer on zero nights than heavy weight blankets. Density of nap is one of the first points to make sure of when we select a blanket for cold weather use.

**Air Cells Offer Protection.**  
Nature didn't "just happen" to provide wool to protect sheep from the bitter winter cold. She gave it to them to enable them to live in unsheltered regions and furnished the wool with tiny air cells in its structure to retard the passage of cold and heat. And the basic reason for the warmth of good wool lies in those same millions of air cells imprisoned between the tiny overlapping scales on the fibre. These scales vary in number from 1,000 to 4,000 to the inch and their interlocking creates air pockets which keep out the cold.

Long fibre wool provides a deep, fleecy nap. Luster indicates strength and health in it. Reliable wool blankets have this long fibre.

In purchasing a wool blanket there are a number of points to keep in mind.

First, consider its bulk as well as its weight. Take a part of the blanket in your hand. If it is spongy and springs back when you release it, you know it is a flexible blanket, not a hard, stiff one.

Then hold it up to the light. If the nap is thick enough to resist light penetration it also will resist the cold.

Again, if you can try lifting the blanket by the nap, which ought to bear the blanket's weight without pulling out.

**Blanket Should Tuck in Well.**  
Select a blanket large enough to tuck in well at the bottom; it also should reach to about 8 inches from the top of the bed and have an allowance of eight or ten inches on the side.

As for colors, you can suit yourself. Orchid is popular this season, but so are rose, oriental blue, peach, copper and gold.

More important than the choice of colors, assuming, of course, that the color harmonizes with the room, is permanence of the dye. This depends upon the reputation and reliability of the manufacturer.

While cotton fibres lack wool springiness and are heavier in proportion to their warmth, they are less expensive than wool. If we can't afford good wool, a good cotton is preferable to a cheap wool blanket.

One more point: Pick out a substantial binding—washable silk or satin. If of silk, it should not be so sleeky that it will tear apart from the blanket itself, necessitating a new binding in a short while.

### SUNDAY DINNER SUGGESTIONS

By ANN PAGE

THE Sunday dinner between Christmas and New Year's will probably be a modest one in most homes. Lamb, veal, and pork are somewhat cheaper than they have been and any one of them offers good value. Beef remains rather high. Green vegetables are much higher so that potatoes, other root vegetables and salad greens are good choices.

Oranges, Naval oranges, grapefruit, apples and bananas are plentiful and relatively cheap. Use them for desserts, salads and fruit cocktails as well as breakfast fruits.

Cysters, salt and smoked fish make moderately priced fish dinners.

Here are three menus, including a New Year's dinner, made up from seasonable foods:

#### Low Cost Dinner

Roast Shoulder of Pork  
Mashed Potatoes  
Creamed Turnip  
Bread and Butter  
Apple Betty  
Tea or Coffee  
Milk

#### Medium Cost Dinner

Roast Lamb  
Browned Potatoes  
Carrots and Peas  
Omelet and Butter  
Fried Apple Sauce  
Tea or Coffee  
Milk

#### New Year's Dinner

Fruit Soup or Clear Soup  
Carrot Sticks  
Chestnut Ham  
Glazed Apples  
Mashed Potatoes  
Yellow Turnips  
Spinach Vinaigrette  
Rolls and Butter  
Fruit Fudding  
Coffee  
Wafers

### What Vocation Shall My Boy Choose?

By Morris Lawrence,  
Director, School of Chemistry,  
International Correspondence  
Schools.

*We live in a changing world. Opportunities for success in the future will differ from those in the past. A young man's wise choice of his life work may do much to determine success or failure. How shall he choose?*

#### A Career in Chemistry

PRIOR to the World War, European chemists were world leaders in the profession. In the manufacture of a vast number of synthetic products and in the production of various metals and alloys, the world acknowledged the supremacy of the European chemist.

With the outbreak of the War, American chemists were faced with the necessity of producing a great number of products that had hitherto been imported. The manner in which they met the situation has elevated us of the necessity of ever again depending upon Europe for most of these products. American chemists proved themselves equal to those of any other nation. Their success opened wide the door for ambitious young Americans with a bent toward the test tube and the laboratory.

Today three-fourths of all our manufacturing operations are dependent upon the skill and research of the chemist. The chemist has created a modern world of wonders far beyond the wildest imaginings of the ancient alchemists, but the future holds possibilities of equally amazing triumphs. Production of new power fuels, the manufacture of new synthetic products, the development of new by-products from the waste piles of industry, all await the successful conclusion of the chemist's research.

Far into the future chemistry should continue to offer a career of great promise to young men in this country. Technical training must, of course, be acquired; either by study at a university or technical school or by study in spare time while working on the job. For those who choose the latter course, the obvious procedure is to seek a beginner's position in a plant manufacturing chemicals, paints and varnishes, or any of the other products in which chemistry plays an important part. Both courses have produced outstanding leaders in the profession.

### Colds Are Caused By Tiny Microbes

Cold Is A Contagious Disease, And Is More Contagious During Early Stages

By Dr. Wilson C. Smillie  
Professor of Public Health Administration,  
Harvard University  
School of Public Health

What is a cold?  
The professors will tell you that "a cold is an acute, self-limited infection of the upper respiratory tract." This defines a cold exactly, but does not tell us what we want to know about it. Where do colds come from? Why do they occur? How can they be avoided?

Scientists have been making investigations for years to determine the cause of colds, but with no success. Recently, however, very important results were obtained. Since chimpanzees have colds, just like men, these animals were used for the study of this group of diseases, and, in this way, the cause of colds was finally discovered.

#### Cause is a "Virus"

We now know that colds are caused by a "filterable virus"—a germ so small that it cannot be seen even through the highest power microscope. These germs are found in enormous numbers in the nose and throat of a person who has a cold. The "virus" may be separated from all other germs and stored in a test tube in the laboratory, all the while unchanged for at least three years. At the end of this time one drop of this material is enough to give a chimpanzee a perfectly typical cold.

Human volunteers have been infected time and again with this virus from the test tube and have developed colds in 36 to 48 hours. Thus there seems to be no question but that the cause of colds has finally been determined. With this information in hand it is possible to make rapid strides toward the development of methods for prevention and treatment of colds. We know already that the cold virus is found in abundance in the nose and throat of a person during the early stages of a cold, but disappears after the first three to four days. Thus a person is most likely to give a cold to others when he is just coming down with it but is not a menace after four or five days.

### My Favorite Recipes

Frances Lee Barton says:

HOMEMADE candles are kind to your pocketbook, and especially so when Christmas rolls around with its heavy demands on the food budget. These Molasses Coconut Chews are easy to make and inexpensive. In fact, they are so easily made that you can turn this pleasant holiday task over to the older children as their share of the Yuletide preparations.

**Molasses Coconut Chews**  
½ cup corn syrup; ½ cup molasses; ½ tablespoon vinegar; 1 tablespoon butter; 1½ cups moist, sweetened coconut.  
Combine syrup, molasses, vinegar, and butter. Place over low flame and stir until mixture boils. Continue boiling until a small amount of syrup becomes brittle in cold water (240° F.). Remove from fire; add coconut. Drop from two forks on greased surface. Makes 25 chews.

Lighting can add greatly to the effectiveness of merchandise displays. Concealed lighting should be substituted for show-case lights which are visible to the customer.

Show windows deserve special attention, and the carefully planned, well-executed treatment is the one which will please the customer and increase trade.

#### Operated by Mouse Power

In the Nineteenth century, a man in Scotland perfected a machine that was operated by mouse power. Running in revolving cages, the mice manufactured sewing thread, twisting and reeling 20 feet a day, writes W. T. Hogue, Denton, Texas, in Collier's Weekly. The inventor was building a mill to use 10,000 mice when he died. Apparently he never realized the work involved in putting them in and taking them out of 10,000 cages each day.

#### Played Four Instruments

Beethoven was an expert at playing the violin, organ, viola and cello.

### Pick Best Cut for the Purpose

How to choose the best cut of meat for the purpose is a problem which confronts not only the new home-maker, but also the one who wants to enlarge her repertoire of meat dishes.

The first step, according to Inez S. Wilson, home economist, is the choice of a kind of meat dish. Shall it be a steak or a stew? And sometimes this choice is governed by the size of the food budget. The less-demanding cuts are in most cases cooked by moist heat—that is, by braising, stewing, or cooking in water—while those in greater demand are the ones cooked by dry heat as in roasting or broiling.

Below are listed cuts of meat which are suitable for the different methods of cooking. You will find this a convenient shopping guide when buying meat. Why not cut this list out and paste it in the forefront of your most used cook book for ready reference?

#### Roasting

(Cooking uncovered in a moderate oven, 350 degrees F., until done.)

Beef: Standing rib, rolled rib, tenderloin and sirloin tip.

Lamb: Leg, rib, loin, shoulder, breast.

Pork: Loin, ham, shoulder, spare ribs.

Veal: Leg, shoulder, loin.

Broiling or Panbroiling

(Cooking in broiler oven or hot skillet without adding fat.)

Beef: Porterhouse, sirloin, or club steaks.

Lamb: Rib, loin or shoulder chops.

Pork: Tenderloin.

Braising

(Brown in hot fat, then cooking slowly in small amount of liquid in a covered utensil.)

Beef: Chuck steaks or pot-roast, rump pot-roast, flank steak, round steak, heel of round pot-roast.

Lamb: Shoulder, shoulder chops, breast, neck slices.

Pork: Chops, fresh ham slices,

### Folding Breakfast Nook Is Developed

A folding breakfast nook has been cleverly conceived as a solution for the problems of the busy wife and mother.

The contrivance consists of an attractive wall cabinet with a door, hinged at the bottom, that drops down and makes a sturdy table supported on one or two folding legs. The cabinet shelves are to be filled with breakfast dishes, electric toaster, percolator and other breakfast equipment. When breakfast is over, the unit folds out of the way, and one would never suspect that the charmingly decorated cabinet door was the family's breakfast table.

Two or three attractive breakfast chairs, finished in harmony with the cabinet, flank the latter. Luncheon and a hurried dinner can also be served at the breakfast cabinet, which may be built with part of a Better Housing Program loan. The value of the cabinet in reducing work and making clever use of limited space is obvious.

shoulder steaks, spare ribs.

Veal: Chops, steaks, breast, shoulder, leg.

Stewing

(Cutting into small pieces and cooking at a simmering temperature.)

Beef: Neck, flank, shank, plate, brisket, short ribs, chuck.

Lamb: Shoulder, neck, breast.

Pork: Shoulder, shank.

Cooking in Water.

(Commonly called "boiling," but really cooked in a large quantity of water at a simmering temperature.)

Beef: Plate, brisket, shank, short ribs, corned beef.

Lamb: Shoulder, leg.

Pork: Ham, Shoulder.

#### Largest Skeleton Shown

The largest skeleton in the world is on exhibition in the New Whale room in the Natural History museum in London. It is that of a blue whale. 82 feet long, which stranded itself on a sandbank off Ireland many years ago.

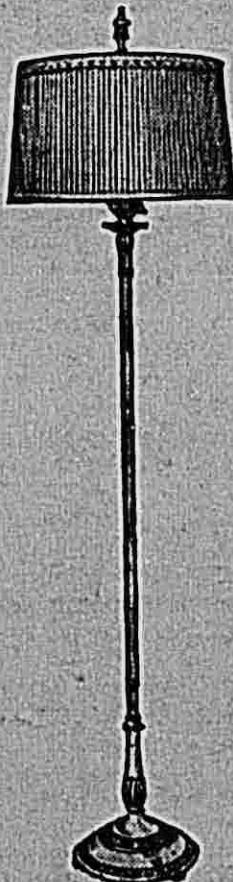

## PUBLIC SERVICE STORE

# JANUARY BARGAINS IN LAMPS

**SPECIAL SELLING** of a wide selection—many styles and types—especially attractive prices

#### TABLE LAMPS

Every kind of table lamp represented. Handsome metal, glass, china and pottery bases in all designs. Artistic parchment, composition and silk shades in wide variety of colors. Wide price range.

Handsome junior-size floor lamp with semi-indirect reflector. Base finished in either bronze, white or silver. All-silk shade in gold, green, rust or champagne.

Some amazing bargains in attractive lamps are represented in this clearance sale of Christmas lamp stocks. Table Lamps, Floor Lamps, Bridge Lamps—all designs and styles—are included. Only a few models of each lamp available. Come in Early. Be first to choose from the wide selection. This is a wonderful opportunity to give eyes better light, to increase the attractiveness of your home.

#### SUNLAMPS For Better Health

A Sunlamp in your home means you can enjoy the health-giving qualities of summer sunshine during winter months. See the many Sunlamps at your Public Service Store. Models as low as \$19.95

#### "Eye Saving" Lamp Bargains

The "Eye Saving" lamps were designed by experts to protect precious eyesight. They give proper, adequate light. Do away with glare, deep shadows, contrasts that overstrain eyes. Don't fail to see these "Eye Saving" lamps. They come in a number of different styles and designs, at attractive bargain prices.

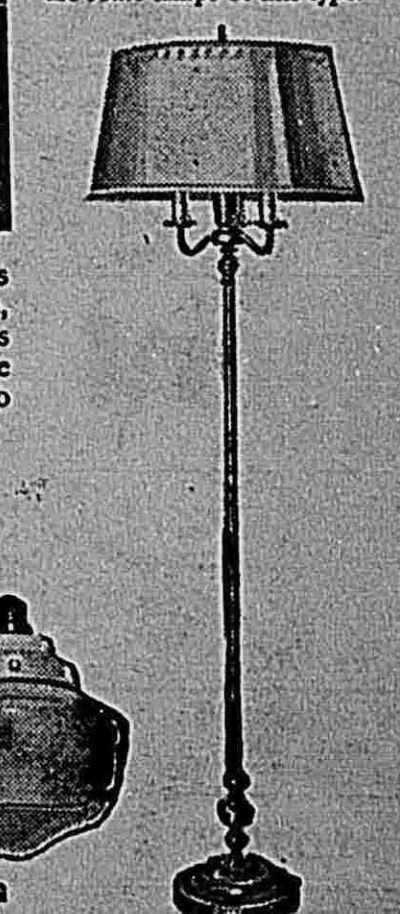

#### KITCHEN LIGHTING UNIT

This Kitchen lighting unit screws into ordinary socket. Provides soft, glareless light for all kitchen work. Price only \$1.40

#### REFLECTOR LAMPS

Some real bargains in reflector type floor lamps are represented in this sale. Shown here are some lamps of this type.

Reflector lamp with three-intensity bulb. A fine lamp for reading, sewing, bridge or general lighting. Pure silk shade comes in a number of colors. Lamp comes complete with special two-flament bulb.

To the prices quoted in our advertisements, and marked on our merchandise, substantially 5% is to be added on account of additional tax expense.

**PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS**

We are cooperating with

# MILLBURN

Hickory Unit of Home Bureau are sponsoring a basket social at Millburn church Monday evening, Jan. 7. A short program will be given at eight o'clock.

The ladies of the church will serve their annual chicken pie dinner at the church on Saturday, Jan. 12th, at 12 o'clock. This dinner is not only for the accommodation of those attending the Insurance meeting but for anyone wishing a good chicken dinner. The proceeds are for the benefit of the Millburn church.

The annual meeting of the Millburn Mutual Insurance Company will be held in Masonic Hall on Saturday, Jan. 12th.

The annual meetings of the Church and First Religious Society will be held in the church parlor on Monday afternoon, Jan. 7th. Pot luck dinner will be served at noon, and all members and friends of the church are urged to come and enjoy this dinner and remain for the business meeting.

The regular business meeting of the Christian Endeavor Society will be held at the home of Mr. and Mrs. Lloyd Atwell Friday evening, Jan. 4.

Mr. and Mrs. E. A. Martin and Richard were guests for dinner at the home of Mr. and Mrs. Ray Ferry in Kenosha on Sunday.

Miss Ruth Edwards of Chicago spent the holidays with her parents, Mr. and Mrs. Frank Edwards.

Miss Katherine Minto returned on Tuesday to her school at Davis, Ill.

Geraldine Bonner returned on Wednesday to Champaign, Ill.

J. S. Denman, L. S. Bonner and Arthur Leng drove to Mount Carroll, Ill., on Monday and attended an insurance meeting there.

Mr. and Mrs. Earle White and daughters of Evanston, Mr. and Mrs. George White and sons were guests for dinner at the J. S. Denman home on New Year's day.

Marc Edwards of River Forest spent a few days with his grandparents, Mr. and Mrs. D. B. Webb. Bonner Bros. and their families were guests for dinner at the home of Mr. and Mrs. W. M. Bonner on New Year's day.

## St. Jude Novena to Start Mon. January 7

The Rev. Thos. F. Conlon, O. P., of New York, well known Dominican preacher and National Director of the Holy Name Society, will conduct the solemn novena in honor of St. Jude to be held at the Shrine in St. Plus Church, Ashland Ave., and 19th St., Chicago. Associated with him in this novena will be the Rev. L. Ambrose Smith, O. P., of Houston, Texas, Superior of the Southern Mission Band and well known radio speaker. These nine successive days of devotion to the "Patron of Difficult Cases" will begin Monday, January 7th, with services daily at 10:00 A. M., 3:00 P. M., 6:30 P. M., and 8:00 P. M. The closing exercises on January 15th will be in charge of Rev. R. D. Goggins, O. P., who succeeds Rev. W. A. Marchant, O. P., as director of the shrine.

# SPOTLIGHTING THE STARS

HELLO! Here's news and views of the stars you see and hear... They are filming "Tarzan in the Jungle of Central America." Herman Brix is in the role Johnny Weismuller had... Want to go on a swell party Saturday night? Frank Black's Orchestra, John B. Kennedy and a new talent contest judged by your old friends Paul Whiteman, Jessica Dragonette, Gladys Swarthout and Larry Tibbett. They will award the specially designed Radio City Trophy and a Victor Recording contract. Take our tip, get in on the Radio City Party, NBC-WJZ network, Saturday night at nine... Did you know that Tom Mix fought in the Spanish-American war and was shot through the roof of the mouth while in action?

Ginger Rogers and Fred Astaire, the dancing team of Cariocha fame, are at it again in "The Gay Divorcee." Their new dance is "The Continental." (Warning! It takes plenty of floor space to do it.)... The stream-line train is in the movies now. You will see it, inside and out, in "The Silver Streak." But don't let 'em fool you, it's the original train... "Jello folks," says Mary Livingstone, Jack Benny's wife. Crazy as they seem, they are happily married. Our cameraman caught Mary writing one of those goofy poems for their Sunday night laugh-riot on the NBC-WJZ blue network. Mary wanted us to give her a word to rhyme with ruts... NUTS?

Katherine Hepburn was so tired after making "The Little Minister," that she quietly slipped away to her doctor-father's farm in Connecticut to spend the Xmas season... Although Fred Allen is one of the world's funniest men, you wouldn't know it to look at him. Here he is (left) with Jack Smart, a member of The Mighty Allen Art Group, warming up for the comedian's Wednesday evening NBC program, "Town Hall Tonight." That's Portland Hoffa in the background... They say it won't be long until all movies are made in color...

... Slipped away to father's

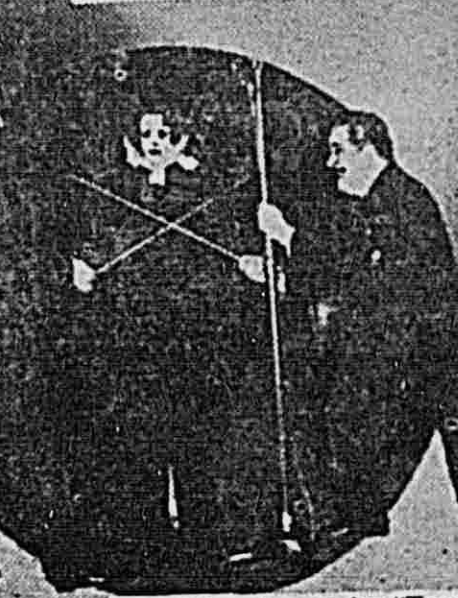

... At it again

... Sunday night laugh-riot

... In the movies now

... Warming up for "Town Hall Tonight"

## CHOOSING FOODS WISELY

By ADELAIDE SPOHN, Ph. D.  
Nutritionist of the Elizabeth McCormick Memorial Fund and Director of Nutrition Service, Illinois Emergency Relief Commission.

### Food Sense Saves Food Dollars

We have reason to believe that proper nutrition is the most important single factor in the maintenance of good health. It behooves us therefore in this present situation when economy has become the watchword of the times, to apply the pruning shears with discrimination. To provide adequate nutrition, the diet of a family must furnish enough carbohydrates, fats and proteins to yield the standard energy needs of the various members of the family group. In interest of economy, we must make these the carriers of the other dietary essentials: first, sufficient proteins of good quality for growth and maintenance of body tissues; second, enough of the essential mineral elements; and third, enough of each of the necessary vitamins.

During the World War, when food saving and economy became necessary, Miss Lucy Gillett, of the New York Association for Improving the Condition of the Poor, gave the following advice: Divide your money into fifths and spend one-fifth, more or less, for fruits and vegetables; one-fifth or more for milk and cheese; one-fifth or more for bread and cereals; one-fifth or less for fats and sugars and other groceries. This is still good advice. Many families on restricted incomes would live more economically, and at the same time eat more healthily, if this plan were followed. If further retrenchment is necessary, this should not be effected by reducing the amount of milk in the diet. The expenditure for milk may well amount to one-third of the week's food budget, and somewhat more than one-fifth should be spent for fruits and vegetables. Cereals, the cheapest source of energy, if well chosen, may supply some of the important minerals and vitamins and should not be reduced. The saving should take place rather in the other two food groups, namely, meat and fish, and fats and sugar.

The following guide for meal planning should prove helpful:

**Every Day.**  
Milk, a pint for each adult and if possible a quart for each child.  
Breads and cereals, such as corn meal, oatmeal, wheat cereals, rice.  
Oranges or canned tomatoes especially for children.  
**Potatoes.**  
Another vegetable, fresh or canned. Two or three times a week this vegetable should be a green one, such as

Adelaide Spohn, Ph. D.

spinach, cabbage, turnip tops, string beans.

### Two to Four Times a Week.

A fruit, dried or fresh.  
Dried beans or peas.  
Eggs, especially for children.  
Meat, fish or cheese.

No matter what scheme is followed in planning well balanced diets, milk is of paramount importance and should be given first consideration. It should never be omitted from the diet no matter how limited the budget may be. The ideal allowance is a quart of milk for every child and for the pregnant and nursing mother. Every one should have at least a pint of milk each day.

Cereals and breads, of necessity, make up the bulk of a low cost diet. Some whole grain cereals, such as oatmeal, whole wheat cereal and brown rice, should be included, since they are particularly rich in vitamin B, in phosphorus and iron.

Fruits and vegetables are the third essential group of foods. The citrus fruits head the list in importance and should be used generously when they are cheap. Fortunately when this is not the case, tomato juice, either canned or fresh, may take their place in the diet as a valuable source of Vitamin C. Only fruits and vegetables in season should be chosen. Apples may be bought at a low price during most of the year. Bananas are often cheap and when properly ripened, are an excellent food, even for children. The dried fruits, especially prunes, apricots, peaches and black figs should be used generously. They are cheap and an excellent source of iron. Potatoes should be used at least once a day or even more often in extremely low cost diets. At least one other vegetable should be a revised each day.

## WILMOT

Mr. and Mrs. Edward Boulden and daughter, Lorraine, of Edison Park, and Mr. and Mrs. Oliver Matthews from Antioch were entertained New Year's by Mrs. Hannah Boulden and Mary Boulden.

Mr. and Mrs. Marlin Schnurr and family were in Milwaukee New Year's for the day with Mrs. Schnurr's parents, Mr. and Mrs. C. Anderson.

The U. F. H. School opened on Thursday after the holiday vacation. The high school is to make up a day by having school on this Saturday.

The U. F. H. School basketball team plays the Genoa City school team at Genoa Friday night.

Lloyd Voss has been ill and under the care of Dr. McLaughlin from Richmond.

There will be English services at 9:30 and German at 10:45 at the Peace Lutheran church Sunday morning.

Mr. and Mrs. J. A. Nolan, Oak Park, and Mr. and Mrs. I. W. Carey of Nipewau were dinner guests Sunday of Grace Carey.

Mrs. Etta Winn and son, Lorenzo, have returned from a week's stay in Des Moines, Iowa, with Mrs. Winn's mother, Mrs. Kate Pacey and daughters.

Mr. and Mrs. Winn Peterson and family of Kenosha were New Year's guests of Alfred Reynolds. Sabin Scherf, from Withee, Wis., was a dinner guest also.

Grace Carey and Grant Tyler were in Milwaukee on Monday.

### NOTICE OF ANNUAL MEETING

The annual meeting of the Millburn Mutual Insurance Company will be held in the lower room of the Masonic Hall, Millburn, Illinois, on Saturday, January 12, 1935, at 10:30 A. M., to hear the reports of the Company, for the election of officers, and to transact other legal business. Members are requested to be present as many proposed changes and amendments of the by-laws will come before this meeting.

J. S. DENMAN, Secretary.  
Dec. 31, 1934.  
(21-22c) Lake Villa, Illinois.

### Doom of the Mississippi

Steamboating on the Mississippi received its first setback in the general disruption of ordinary business caused by the Civil War. And it was just beginning to recover when more sinister opposition appeared in railroad competition and as the steamboats supplanted the old hand-propelled broadbreds and keelboats of an earlier time, so the speedier railroads gradually took away all through river traffic and the great Mississippi pack-trails were a thing of the past.

## HICKORY

Hickory Ladies Go Sleigh Riding  
Mrs. Austin Savage, Mrs. Emily Mann, Mrs. Nettie Wells, Mrs. Gordon Wells, Mrs. Curtis Wells, and Mrs. David Pullen enjoyed a sleigh ride to Millburn last Saturday afternoon. They visited their friend and former neighbor, Mrs. Spring.

Mr. and Mrs. Hugo Gussarson and Ralph and Ruth drove to Chicago Monday and visited relatives there over Christmas, returning home on Wednesday.

Miss Caryl Tillotson is spending the holidays with her room-mate, Miss Marcella Kruschel, in Milwaukee.

Mr. and Mrs. O. L. Hollenbeck and daughter, Miss Shirley, spent Christmas with Mr. and Mrs. Frazier Hollenbeck and family in Norwood Park.

Mrs. Frazier Hollenbeck and Charlylotte and Shirley Mae, also Miss Ruby Gillings from Norwood Park drove out from the city Friday when Mr. and Mrs. O. L. Hollenbeck returned home.
